Position - Pre - Primary Teacher

Maa

Where are you? I miss you even today ! I want to tell you soo many things happening in my life but I can't! I was too little when you left me, today also it feels like you are always by my side whenever I need someone in my dark times! While writing all this, tears roll down my eyes and cheeks, not only now but whenever I think of you.

Sometimes when I see this generation misbehave with their mom I feel very hurt as they don't know that they are making such a big mistake. Even today you come in my dreams and every time I wake up I only wish that the night and the dream would have never ended.

I am writing this letter to you up there, to tell you how much I miss you from my heart! I don't know why you had to go so early .It wasn't just fair. I don't remember the year as I was too young but I would never ever forget that day when you left me.It was 1st of May. I don't know where are you now, but everyone consoles me by saying this "your mother is watching you from up there".

I just wanted to say this to you that wherever you stay , stay happy . Just send me your blessings.

Love you maa!

P.S:- I PRAY TO GOD THAT IF HE SENDS YOU BACK THEN HE SHOULD GIVE YOU GOOD HEALTH .

मां

"लबों पर उसके कभी बहूआ नहीं होती ,

बस एक मां ही है जो कभी खफा नहीं होती ।। "

एक शिशु का जब जन्म होता है , तो उसका पहला रिश्ता मां से होता है । एक मां शिशु को पूरे 9 माह अपनी कोख में रखने के बाद असहनीय पीड़ा सहते हुए उसे जन्म देती है और इस दुनिया में लाती है । इन नौ महीनों में शिशु और मां के बीच एक अदृश्य प्यार भरा गहरा रिश्ता बन जाता है । यह रिश्ता शिशु के जन्म के बाद साकार होता है और जीवन पर्यंत बना रहता है ।

मां और बच्चे का रिश्ता इतना प्रगाढ़ और प्रेम से भरा होता है , कि बच्चे को जरा भी तकलीफ होने पर भी मां बेचैन हो उठती है । वहीं तकलीफ के समय बच्चा भी मां को ही याद करता है । मां का दुलार और प्यार भरी पुचकार ही बच्चे के लिए दवा का कार्य करती है ।

ऐसा ही एक एहसास मेरे जीवन में तब आया जब मैं मां बनी ।

मेरे मां बनने का दौर काफी संघर्षों से भरा था , लेकिन इन संघर्षों का कोई अस्तित्व न रहा जब एक नन्ही परी ने मेरी गोद में पहली किलकारी भरी । उसकी अधखुली आंखों, नन्ही -नन्ही अंगुलियों के स्पर्श ने जीवन को आनंदित कर दिया ।

इसलिए ही ममता और स्नेह के इस रिश्ते को संसार का सबसे खुबसूरत रिश्ता कहा जाता है । दुनिया का कोई भी रिश्ता इतना मर्मस्पर्शी नहीं हो सकता ।

" बच्चे ही मां के हृदय रूपी बगीचे के फूल होते हैं । "

Being a Mother

Becoming a mother makes you feel joyful, elated, empowered and invincible. It's most unexplainable emotion in the world. I was thinking what to write down about the joy of being a mother. However, I couldn't gather words together to express my love towards my daughters. I remembered how I cried, when I hold my little bundles of joys in my arms at very first day and started thinking their future what to make. Lol..sleepless nights, big belly laughs, finger painting in the kitchen, mickymouse on the bed are all priceless moments for me.

I heard from everyone that women is complete when she gives birth to a child but never understood its meaning but now actually I understand that what does that mean, your Life is not about you any more your whole world goes around your children.

Motherhood is a life time adventure and experiencing all good and restless night with them. It's really fun to making silly cards with them , nourishing our self and making Tik-Tok videos with them its silly but I really love to do with them. 😊

I am a proud mother that I do everything to let my daughters be successful and a good human being in their future and that is what is BEING A MOTHER is for me.

HAPPY MOTHER'S DAY
